

19th Japanese Homoeopathic Medical Association (JPHMA) Congress

Tokyo, Japan

The 19th Japanese Homoeopathic Medical Association (JPHMA) Congress was held at Setagaya Civic Hall, Tokyo, Japan on 5th -6th Jan 2019. JPHMA is the largest homoeopathy organisation that works for the spread and development of homoeopathic medicine in Japan. JPHMA holds annual congress, lectures for continuous professional development of Homoeopaths in Japan. JPHMA has also been instrumental in translating Homoeopathy Dossier “Homoeopathy-Science of Gentle Healing” in Japanese.

This year the theme of the congress was “A fusion of ZEN Homoeopathy that heals mind, body and soul and Science”. Dr. Torako Yui, Chairperson, JPHMA invited Dr Raj K Manchanda, Director General, CCRH to apprise the members of JPHMA about latest research done in Homeopathy in India. Dr. Manchanda gave presentation on “Research & International Collaborations Status Quo and Opportunities in India”.
